

# DOURO

## RESERVA WHITE 2018

### THE REGION'S EXCELLENCE IN A WINE

Kopke's Douro Reserva wines do not make for analogies. The experiences these wines will bring you do not compare to other wines in our range - nor other Reservas from other harvests. Each has its own personality, but their aim is the same: excellence in a wine.

### TASTING NOTES

Intense and fat, this Reserva stands out for its full-body and firm acidity in the mouth. With well-established notes of stone fruit enveloped by hints of fine spices, it unfolds over different layers, ending in a delicate and intriguing finish.

### VINIFICATION

The harvest of Viosinho was made by the end of August. Arinto and Folgozão were harvested in the beginning of September, by hand and directly to small capacity boxes. Maceration with skins for approximately 10 hours, with fermentation in french oak barrels. Matured for 6 months in the same barrels with bâtonnage method.

### VINE

Quinta de S. Luiz (50%) and plots of winemakers from Cima Corgo

### GRAPE VARIETIES

Viosinho, Arinto and Folgozão.

### SOIL

Schistose

### HEIGHT

550 a 600 metres

### ALCOHOL

13%

### PH

3,35

### TOTAL ACIDITY

5,5 g/dm<sup>3</sup>

### REDUCING SUGARS

0,6 g/dm<sup>3</sup>

### WINEMAKER

Ricardo Macedo
